E. Award of 2007 Juvenile Accountability Block Grant (JABG) Funds - \$352,545

Cook reviewed the funds available under the 2007 Juvenile Accountability Block Grant (JABG) Funds. She stated there was \$352,545 available for award. It is to be noted that the federal government pre-determined the amount of funds to be awarded to grant numbers 07-JA-601, 07-JA-602 and 07-JA-603. The amount available for the Crime Commission to subaward is \$175,615. The Coalition voted to award the funds to the Office of Health and Human Services for the School Intervention Worker Project located in five sites throughout the state. These workers are placed specifically in these schools to work with youth who are on probation. Probation has felt it is very valuable to have these workers in place. The workers will be placed in schools at the following sites: Columbus, Fremont, Grand Island, Lexington and North Platte.

Motion

A motion was made by Ford and seconded by Brueggemann to accept the Coalition's funding recommendations and contingency stipulations of award as outlined for the \$352,545 of 2007 Juvenile Accountability Block Grant (JABG) Funds. Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Houston, Lacey, Moser, Ruiz, Tuma, Vaughn and Wagner. (White had stepped out of room). Motion carried unanimously.

F. Award of Title II Tribal Grant, Grant #06-JJ-21/#07-JJ-18

Cook informed the Board that each year they are required to set aside a certain amount of Title II funds that must be awarded to a Nebraska Tribe. In 2006 and 2007, a Tribe did not apply for these funds. As a result, Cook stated she was able to work with the Winnebago Tribe of Nebraska to put together a small program in order to utilize the \$7,000 of Title II funds from 2006 and 2007.

Motion

A motion was made by Vaughn and seconded by Moser to accept the Coalition's funding recommendations and contingency stipulations of award as outlined for the \$7,000 of the Title II Tribal Grant, Grant #06-JJ-21/#07-JJ-18. Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Houston, Lacey, Moser, Ruiz, Tuma, Vaughn, Wagner and White. Motion carried unanimously.

G. Award of 2008 Violence of Crime Act (VOCA) Grant Funds – \$2,144,659

Jennifer Kirkpatrick stated that the funds available for victim service programs total \$2,144,659. This amount includes \$58,150 of additional funds that could be used towards programs, and \$52,559 of 2008 victim assistance state funds. Kirkpatrick stated the estimated 2008 federal VOCA funds is \$2,033,950 (this amount is contingent upon receipt of the federal award).

Forty-two applications were received by the Commission. Of the forty-two applications, two were new programs. Kirkpatrick stated they had approximately \$748,000 over in requests for funding. There were two grants which received the amount requested, which was VINE and funding for the Case Management System, because there are no other funding sources for these two projects, and the Case Management System is federally required for us to get the statistics needed.

She stated that after the grant review was complete, each program took approximately a 12% cut across the board. After this cut was made, additional funding became available, and each program received \$25 extra to the original amount awarded. There were two programs recommended for denial because of insufficient amount of funds and uncertainty as to whether or not they would be able to meet the required guidelines. The first program denied was Valentine Northern Quad Counties, and the second program denied was Saunders County. Both programs had the right to appeal the Grant Review Committee's decision, but no appeals were received from either program.

Motion

A motion was made by Brueggemann and seconded by Moser to accept the funding recommendations and contingency stipulations of award as outlined by the Grant Review Committee for the \$2,144,659 Violence of Crime Act (VOCA) Grant Funds contingent upon receipt of federal award. Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Houston, Lacey, Moser, Ruiz, Tuma, Vaughn, Wagner and White. Motion carried unanimously.

H. Award of 2008 BYRNE/JAG/STATE Funds – Total Award: \$622,909; Local Projects Award: \$331,621; State Projects Award: \$291,288

Kirkpatrick reported the award of the 2008 BYRNE/JAG/STATE funds will be contingent upon receipt of federal award.

She stated there is a total of \$622,909 available to award. The amount received by the State and Local entities is dictated by a formula set in place by the Federal Government. The amount available for award to the Local Projects is \$331,621, and the amount available for award to the State Projects is \$291,288, which includes \$4,162 of turn back money from a State project in 2004.

Kirkpatrick reported that the BYRNE/JAG/STATE funds were cut by 65%. Fourteen applications were received for these monies, and as a result of the substantial cut in funding, there were \$1.2 Million over in requests. Some programs were denied for these monies, but were recommended to receive the Meth Initiative 2008 Grant Funds.

When determining the amounts to award each program, the main goal was to try and keep the programs close to 50% of what they received last year. Because the Federal guidelines stipulate how much is awarded to State and Local Projects, the Local Projects was much tighter and more difficult to maintain at this 50% level. She stated the Grant Review Committee did their best to ensure each program received a piece of the pie with the amount of funds they had to work with.

Gary Lacey raised the question as to how some of these task forces will survive with such substantial cuts in funding. Kirkpatrick responded by stating that a meeting was held with the task forces stating they need to have a sustainability plan in place for three years. She stated that one task force was able to get their personnel budget added to their City/County budget. While that may not take care of the entire problem, it will definitely help.

A lengthy discussion ensued amongst the Board members as to how it was determined which amount of money was awarded to each program. Kirkpatrick informed the Board that the amounts were determined based off of what each program received last year. Based on what they received in 2007, that amount of money was then cut anywhere from 50-60%. This significant cut was a result of the drastic reduction in BYRNE/JAG monies from the Federal Government. She stated they did the best with what they were given to try and make it as fair as possible across the board.

This discussion moved into what could be done to help this lack of funding situation. Many ideas were presented, and below is a list of a few ideas given:

- Add the \$1.00 back onto the LEIF monies.
- Get NACO, the League of Nebraska Municipalities and the Attorney General's Office involved.

- Include those members interested from the Crime Commission Board in the meetings the Attorney General's Office holds in regards to finding a funding source to replace those funds taken away for the next Legislative session.

The Board felt it was important to come up with possible solutions of replacing these funds and present this to the Governor rather than just stating that we need more money.

Motion

A motion was made by White and seconded by Vaughn to accept the Grant Review Committee's funding recommendations and contingency stipulations of award as outlined for the 2008 BYRNE/JAG/STATE Funds – Total Award: \$622,909; Local Projects Awards: \$331,621; and State Project Awards: \$291,288 contingent upon receipt of federal award. Voting in favor of the motion: Brueggemann, Buske (Abstained from Grant #08-DA-302), Ford, Houston, Lacey, Moser, Ruiz, Tuma (Abstained from Grant #08-DA-312), Vaughn and White. (Wagner had stepped out of the room). Voting against the motion: Arnold. Motion carried unanimously.

I. Award of 2008 Residential Substance Abuse Treatment Grants - \$56,095

Kirkpatrick reported that the Crime Commission serves as a pass through agency for the Department of Corrections (DCS) in order to receive the Residential Substance Abuse Treatment (RSAT) grant. The 2008 request includes two full-time MSW Resource Coordinators and one full-time Secretary to help process paperwork needed for treatment programs and to help with reporting the collection of all the federal information, which is required twice a year. The goal is to continue to strengthen the care currently provided to inmates in the residential programs and to enhance the continuum of care in order to help with the transition to community custody and parole. Kirkpatrick recommended approval of the funding as listed below.

- Grant # 08-RT-1000, Department of Corrections Award: \$56,095

Motion

A motion was made by Moser and seconded by Tuma to accept the funding recommendation and contingency stipulations for the 2008 Residential Substance Abuse Treatment (RSAT) Grant Funds Award of \$56,095 to the Department of Corrections, Grant #08-RT-1000. Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Lacey, Moser, Ruiz, Tuma, Vaughn, and White. (Wagner had stepped out of the room). Abstaining from the motion: Houston. Motion carried unanimously.

J. Award of 2008 Project Safe Neighborhoods Grant Funds - \$102,951

Kirkpatrick reported the 2008 funds were applied for at the beginning of July 2008. She stated the federal system was very far behind in getting applications out and awarding the funds. The delay in the announcement of funds was that the US Attorneys Office announced the estimates of what States were to receive, and then States were allowed to appeal. The understanding was that if a State appealed, it was only because that States' program was zeroed out. Some states did appeal, which resulted in money being taken out of other States' segments. Based upon the original estimates, the final estimates showed a 66% cut in funds. However, Kirkpatrick reported there were still some 2007 funds left which will allow some programs to be sustained. Nebraska applied for \$102,951, and a conference call was held on July 3, 2008 with the PSN Statewide Task Force for the budget to be approved. The budget was approved by the PSN Statewide Task Force and recommends the Crime Commission give final approval. These awards are all contingent upon award of receipt of federal funds.

Motion

A motion was made by Ford and seconded by Ruiz to accept the funding recommendations and contingency stipulations of award as outlined for the \$102,951 2008 Project Safe Neighborhoods Grant Funds contingent upon receipt of federal award. Voting in favor of the motion: Arnold, Brueggemann, Buske (Abstained from Grant #08-SN-8904), Ford, Houston, Lacey, Moser, Ruiz, Tuma (Abstained from Grant #08-SN-8903), Vaughn (Abstained from #08-SN-8901), Wagner and White. Motion carried unanimously.

K. Award of 2008 Earmarked Meth Initiative Grant - \$350,038

Kirkpatrick reported the Nebraska State Patrol was notified that they were eligible to receive some 2008 Methamphetamine Initiative funds that were earmarked. Discussions were then held regarding these funds, and it was agreed that the Nebraska State Patrol would collaborate with the Nebraska Crime Commission to allow us to plug these funds into how the BYRNE/JAG Funds were awarded, which allowed the funds to be stretched further. Kirkpatrick reported the notification was received on June 12, 2008 that our agency was able to apply, and the application was due on June 20, 2008. The earmark is for \$350,038, and these funds must be used to support activities with the Nebraska State Patrol. These funds do allow us to pay for Nebraska State Patrol Investigator positions and those contracts the local task forces have with the Nebraska State Patrol. Kirkpatrick reported that these funds will also allow us to continue to reimburse for CLAN physicals, which are required annually to remain certified. The programs receiving Meth Funds will be required to attend a special meeting after the award is received in order to receive information on reporting and other guidelines required of these new funds. These awards are also contingent upon receipt of federal award.

Motion

A motion was made by Ruiz and seconded by Houston to accept the funding recommendations and contingency stipulations for the award of the 2008 Earmarked Meth Initiative Grant contingent upon receipt of federal award. Voting in favor of the motion: Brueggemann, Buske, Ford, Houston, Lacey, Moser, Ruiz, Vaughn, Wagner and White. Abstaining from the motion: Tuma. Voting against the motion: Arnold. Motion carried unanimously.

L. Award to LEC/Nebraska Sheriffs Association, Grant #05-VA-244 - \$7,000

Kirkpatrick reported that grant #05-VA-244 is being recommended for \$7,000 to support the Protect Our Children conference. This conference has never been held in Nebraska and is an exciting opportunity for our State. LEC/Nebraska Sheriffs Association is requesting assistance for a small portion of rental expenses of the conference facility. The conference will take place on September 10-12, 2008 in Omaha, Nebraska with an expected attendance of 300-400 people. The conference is directly related to the Project Safe Childhood Initiative. It will help by providing instruction, information, and assistance in the prevention, investigation, prosecution and victim assistance in child enticement, child pornography, and child sexual assault cases.

Motion

A motion was made by White and seconded by Wagner to accept the funding recommendations and contingency stipulations of award to the LEC/Nebraska Sheriffs Association, Grant #05-VA-244: \$7,000. Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Houston, Lacey, Moser, Ruiz, Tuma, Vaughn, Wagner and White. Motion carried unanimously.

VI. OTHER BUSINESS

A. Crime Victims Reparations (CVR) Monies

Motion

A motion was made by Lacey and seconded by Arnold to have the Executive Director of the Crime Commission draft a letter to the Governor on behalf of the Crime Commission Board members requesting the Crime Victims Reparations (CVR) funding be restored to its previous or higher level, at least \$200,000, and ask the Attorney General to include in Legislative package support for this proposal.

A discussion commenced about possible funding sources which could be utilized to aid in restoring these funds. Houston proposed a law be established that would require inmates on Work Release to pay 5% of their wages. This would result in approximately half of the requested amount being restored.

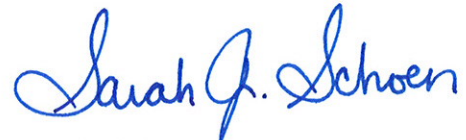

Voting in favor of the motion: Arnold, Brueggemann, Buske, Ford, Lacey, Moser, Ruiz, Vaughn, Wagner and White. Abstaining from the motion: Tuma. Voting against the motion: Houston. Motion carried unanimously.

VII. ADJOURNMENT

The next scheduled meeting of the Commission will be **Friday, October 24, 2008 at 9:30 AM in the Nebraska State Office Building, Lower Level Conference Room A, Lincoln, Nebraska.**

There being no further business, the meeting adjourned at 10:53 AM.

Respectfully Submitted,
